

We're redefining asset management to build institutional quality investment portfolios that fit your needs.

About Bayou Bridge Capital

Bayou Bridge Capital is a boutique asset manager focused on long-term value creation. We do this through a diversified approach, managed in-house, across multiple platforms. We pride ourselves on being able to offer institutional quality opportunities to our clients.

Investment Philosophy

Over the past 10 years, we've diligently built a platform capable of meeting our investors' needs. We take a deep value-oriented approach to investing that is reflected in our returns. Our growth reflects our commitment to excellence and to treating our investors the way we would like to be treated. Bayou Bridge Capital believes in truly aligning our interests by investing the firm's capital in each opportunity, providing tailored asset management, and investing every investor dollar as if it were our own.

Our Products

Private Markets

We offer investors the ability to diversify their portfolios through private equity investments available through a managed account. Deals are sourced and managed by Bayou Bridge Capital through a direct sourcing approach or a managed funds approach. Our direct sourcing has yielded an annualized IRR of 24.4% net of fees. We invest alongside our clients on all private equity deals offered through our platform.

Public Markets

Public markets strategies are the foundation of each multi-asset portfolio. We offer core strategies covering the US capital markets as well as single security select portfolios and systematic strategies to add diversification and performance over the long-term.

Retirement Plans

Employer-sponsored retirement plans are key for any organization to retain talent. We offer simple and flexible solutions for employers of all sizes including SIMPLE IRA's and 401k plans. Our hands-on approach allows for easy onboarding and continuation of any plan.

Tailored Wealth Management

We believe that holistic wealth management starts with understanding each client's financial objectives and lifestyle desires. That understanding forms the basis for our trusted, customized, and tailored solutions allowing our clients to achieve their desired goals.

Managed Accounts

Bayou Bridge Capital offers managed accounts for clients looking for portfolio and asset management in both public and private markets. Our long-term, value-oriented approach allows us to create stable portfolios clients can count on.
